

# 2022 Annual Report

# Letter from TJ Morris

Kaleb House is an endeavor that no person wants to exist, but each day, the Kaleb House team becomes more steadfast in living out our mission. Throughout the year, we have been challenged mentally and emotionally as we have opened our arms to more children than we thought we would have at this early stage of the organization. It has become apparent that Yah has a plan for Kaleb House. He who can be trusted with little can be trusted with much. We strive daily to restore the children in our care to be healed from their traumas, know the love Yah has for them, and gain the skills necessary to become productive adults within our communities.

The care we have been able to provide the children would not be possible without the generous support and donations of the Kaleb House family. We have been in awe of Yah's work through others throughout the year. We appreciate the single mom's last few dollars with the same level of gratitude as equipment donations from large companies.

2022 has been a year of learning and growth for the Kaleb House team. Best practices are being established, professional therapists and rehabilitation specialists are coming together, and justice for the children in our care is being actualized.

As Kaleb House grows, we understand the need for continual proper stewardship of the children and the blessings we receive from donations. We look forward to 2023 to continue implementing what we have learned and share the Kaleb House mission.

We know our Father is just starting his plans for Kaleb House. Pray for the children. Pray for our team that helps these children. Pray how you can help Kaleb House and share our mission.

Kaleb House isn't for a day, month, or year. We are a family to these children. Family is forever. Thank you to everyone who is a part of the Kaleb House family.

# About Kaleb House

Kaleb House is a residential recovery program providing a safe, home-like environment for families and child survivors of sex trafficking and exploitation. Our goal is to provide a biblical covering through redemption and love while preparing them for long-term success. We are dedicated to helping provide resources and tools for restoring the heart so life can become whole, wounds are healed, and hope is brought back.

## MISSION

---

To provide a Biblical covering for sexually exploited widows and orphans while breaking generational curses.

# Ministry Highlights

## FAMILY ADVOCACY & REHABILITATION

While progressing on the construction of the Kaleb House facility, we were contacted by an individual who was herself being sexually abused by her husband, as were her children, ages 4 to 12. In our ongoing efforts to forsake not the widow and orphan and to break generational curses, Kaleb House stepped into action.

We rallied our resources and provided this family with an affordable housing option, family court advocacy, life skills training, and access to requisite therapy. Kaleb House has also partnered with a trauma therapist, a family advocate, and security personnel, as is necessary in many abusive situations.

We weren't expecting this first family to lead to a second. And a third. And a fourth. And a fifth. We found ourselves in a situation that required all the efforts of care that the Kaleb House facility provides without having the facility and permanent staffing in place.

The ability to provide the families with these resources was because of the gracious donations we have received through Grindstone Ministries.

## DESIGN & CONSTRUCTION

We have secured the land and begun working on water remediation, drainage, and road building. We have demolished poorly constructed facilities to accommodate the proposed administration building and care houses on site. We have also retained the services of a professional architect who has completed the requisite drawings to build Kaleb House and will facilitate the site survey of the property.

---

## PARTNERSHIPS

We have an agreement with a renowned permaculture designer who will donate his time to developing sustainable systems at Kaleb House. We are building strategic partnerships with tradespeople, companies, and organizations who will assist with construction.

# Guidelines for Fundraising

## MONETARY DONATIONS

Online donations are received through Grindstone Ministries' website. Checks are mailed to the office.

---

## IN-KIND DONATIONS

Donations such as equipment, items for Silent Auctions etc. are processed through and received by the Chief of Staff. Large in-kind donations like equipment are discussed by the Board prior to donation to ensure item is needed for use of Kaleb House.

---

## E-COMMERCE SALES

Kaleb House swag is available on the Grindstone website.

## Goals for 2023

Kaleb House as an entity is growing, and we see a change that needs to happen to better facilitate the families we will be working with and the donors who fund our mission.

In 2023, we will work to make Kaleb House its own entity. Along with that is the understanding for creating systems for people to learn about Kaleb House, volunteer with Kaleb House, create fundraising opportunities, and raise awareness of what we are doing.

Along with the administrative side of Kaleb House changing to serve families and donors better, our determination to construct houses will be as strong as ever, as well as creating a group of in-house professionals to help the children as they move into Kaleb House.

None of this will happen at the expense of the families we work with currently or will work with in the future. Our goal will forever remain to save these children, rehabilitate them, and restore their lives to ones filled with love. These children are a part of the Kaleb House family.
